Enhance your understanding of advocacy and representation and become a more confident committee member, volunteer or consumer representative.

Designed for beginners seeking to take on an advocacy role, through to experienced committee members and representatives looking to refresh their advocacy skills or 'fill in some gaps'.

This consumer designed and facilitated Consumer Advocacy Course is facilitated by Dr Peri O'Shea, who has extensive training and facilitator experience and a lived experience of mental illness as both a consumer and a carer. The course is restricted to consumers only, that is, people who have personal experience of living with a diagnosis of mental illness.
