The area is a paradise for those who love the outdoors. You name it, it's right here at your door; from surfing, sailing, kayaking and surfing, to paragliding, bushwalking in nearby national parks, deep sea fishing, whale watching and stunning coastal walks.

Wildlife abounds in the area. Dolphins are always happy to share the surf or river, kangaroos are common golfing companions, while koalas are often found perched in a gum tree in your own back yard. Watch thousands of flying foxes make their migration at dusk, while kookaburras announce the dawn.

Port Macquarie boasts a vibrant CBD with an exciting variety of shops, cafes, restaurants and pubs. For those with a leaning toward culture and the arts, the region has a wide array of options for your enjoyment including theatre, cinema, art galleries, dance and live music. Nearby wineries enjoy well deserved reputations for excellence.

Within an easy commuting distance from Port Macquarie are a number of idyllic villages, from coastal towns to rural hamlets. Excellent education and recreation facilities, combined with all the benefits of a healthy lifestyle make this region one of the fastest growing in the State.

Overview of Facilities

Port Macquarie Base Hospital

PMBH is part of the Mid North Coast Local Health District and was originally commissioned in November 1994. It is a 228 bed facility that provides base hospital services for the growing communities of Port Macquarie, the Hastings and Macleay Valleys.

FAQS

Will I get paid for overtime?
If you work overtime there is a process which ensures you are paid for hours worked

Will I be rostered to work night shifts?
You will not be rostered to work nights until you are a PGY2, shifts are in ED & ICU/Wards at PMBH

Will there be support for planning my career?
Heaps!!! We have supportive mentors, careers sessions & tips to prepare for recruitment

Will I be rostered weekends?
Yes approx. 2-3 per term, you can swap weekends with other JMOs

Can I request terms at Royal North Shore Hospital?
We have a wonderful relationship within Network 5 & there is an opportunity for you to request a term/s at RNSH as a PGY1 & PGY2

Will I be allocated accommodation?
You are required to find your own accommodation for your period of employment with MNCLHD

Is there an RMOA?
Yes, there is an active RMOA who meet with the JMO Unit weekly & are extremely social

Can I apply for a job at PMBH when I finish my Prevocational Training?
There are positions you can apply for as a PGY3 in ED, ICU, Medicine, Psychiatry & Paeds Rural Generalist

Are there research/teaching opportunities?
You can elect to teach UNSW Medical Students years 1-6
PMBH has a research unit & each Dept. has opportunities for research/audits
Mid North Coast Cancer Institute also has research opportunities
As we are a teaching hospital there is plenty of teaching for you too!
