THE TERMS

PGY1: Emergency, General Medicine, Cardiology, General Surgery, Orthopaedic Surgery, Mental Health, Rehabilitation, Relief

PGY2: Paediatrics, Obstetrics and Gynaecology

Plus: as part of the Hunter New England Network you have opportunities to do terms at JHH, Calvary Mater and other rural hospitals in the Network. Popular terms include Palliative Care, Oncology, Critical Care Terms

RPR gives you a home, and a built in support system and cheer squad who want to help you achieve your goals!

THE PLACE

Maitland is on Wonnarua Country, nestled within the beautiful lower Hunter Valley situated in a patchwork of townships, colourful and diverse locations, and immense history.

- Best of Regional life – tranquil escape from the city, surrounded by amazing scenery and opportunities for adventure – think vineyards, hot air ballooning, music events or hiking on your days off
- Only 30 mins from Newcastle with its beaches, JHH, restaurants and shops
- 2 hours from Sydney, 1 hour from beautiful beaches of Port Stephens

FAQs

NIGHTS: As an intern, you will work nights in ED or on the ward – but it won't be your first week, and you'll always have support

WHERE TO LIVE: There are many options - some people prefer to live close to the hospital and within the community, others prefer to live in Newcastle and either drive or catch the train to work

OVERTIME: Maitland is known to pay overtime as appropriate – this includes if you have to come in early to update surgical lists or late clinical handovers.
