Local Area

Hunter New England Local Health District provides public health services to the Hunter, New England and Lower Mid North Coast regions of New South Wales. With a dedication to Excellence – Every Patient, Every Time – staff are dedicated to make a genuine difference to the health and wellbeing of the communities they serve.

Care and support is provided across twenty seven hospitals; eleven multipurpose centres; forty three community health clinics as well as services in mental, children, oral, and drugs and alcohol.

Our district's landscape is distinct, unique and impressive incorporating regions of the coast, valleys, mountainous ranges and agricultural rich plains offering a range of lifestyles to suit you. Our vision 'Healthy People: now and into the future' is a focus for our patients and staff. We offer a variety of benefits including salary packaging, paid maternity and parental leave, monthly ADO's, flexible work arrangements where possible and ongoing, relevant education to ensure we obtain this.

When you join HNE Health you align with a workforce of seventeen thousand people providing services to over 920,000 people including twenty three per cent of the state's Aboriginal population. With opportunities to develop your skills, increase your knowledge and achieve professional growth we can cater to opportunities at whatever stage you are in your career.

Newcastle is a renowned surf city with six golden-sand beaches within walking distance of the city centre.

Located two hours north of Sydney, the city also boasts a burgeoning cultural and artisan scene and is rapidly emerging as a smart city brimming with opportunities.

Life here is free of the stresses of big city living.

City-wide and coastal revitalisation works, such as the landmark Bathers Way, are bolstering a residential boom, and will help precipitate two major tourism developments: international flights at Newcastle Airport and more frequent passenger liner calls to a future cruise terminal.

Network Overview

Network 12 is the largest hospital network in NSW for Junior Medical Officers, with a wide range of hospitals. The main John Hunter complex includes The John Hunter Hospital (550 beds, a Level 1 Trauma Centre and Major Tertiary Referral Hospital for northern NSW), and John Hunter Children's Hospital (100 beds).

The John Hunter Emergency Department is the busiest Emergency Department in NSW. Regional and rural rotations include Maitland (45 minutes away), Tamworth (4 hours away), Taree (2 hours away) and Armidale (5 hours away) hospitals. Network 12 facilities are affiliated with the University of Newcastle and University of New England Medical Schools.

What hospitals and specialties are in Network 12?
